# GUIDE DE LECTURE

Pour chaque expression idiomatique, nous vous donnons 4 éléments :

**1) L'expression elle-même** : il s'agit de l'expression idiomatique en anglais.

**2) Une expression équivalente** : c'est une expression idiomatique qui a un sens similaire en français. **C'est le sens qu'il faut retenir.** On pense souvent à la fameuse expression, bien que peu utilisée "*it's raining cats and dogs*" qui se traduit par "*il pleut des cordes*". Les mots utilisés en français sont complètement différents, mais c'est bien là le sens qu'il faut retenir.

**3) La traduction littérale** : c'est la traduction mot à mot. Bien souvent, cela ne veut rien dire en français (ex : *il pleut des chats et des chiens*, ça ne veut rien dire en français).

**4) Un exemple de phrase en anglais** : pour illustrer l'expression idiomatique. En bas de chaque page, vous trouverez du vocabulaire traduit pour vous aider à comprendre les exemples.

À noter :

**Tous les corrigés** des quiz et des révisions se trouvent à partir de la page 22.
